

APRIL EVENTS

Fisheries society is never lacking in initiating notable events for the students of College of Fisheries as these activities, during college life, keep you positive, fresh, energetic and go a long way in making you more productive. Not only do they lighten your mood, but they also help in shaping your overall personality and interpersonal skills.

Random Object Painting Competition

To bring out the creative expression, artistic skills of the students and also to gauge their awareness quotient, Fisheries society organised "Random object painting competition" on 8th April 2023 from 11am to 1pm in the college premises itself.

The aim of this competition was not merely to see the creative aspect but also to increase the observational skills, response to thoughts and awareness. The event was heftly participated by all the UG students.

It was organized to explore and encourage creativity in students and offer them a platform to showcase their skills.

The artistic endeavours of the students was highly praised and encouraged by the faculty members. The event concluded with the appreciation for the winners and vote of thanks by the coordinators

Chess Competition

To put to test, the higher-order thinking skills like problem solving, decision making, critical thinking, planning tactics of the students, Fisheries society organised a Chess tournament. The initial rounds were played in online mode on 13 and 14 April 2023 and the semifinals took place on 15 April 2023 in the college premises from 2 pm to 4pm. " This is a game which helps building patience and presence of mind in a person and are very good skills to attain" said Dr. Ashutosh Mishra, Co-Staff Counsellor, College of fisheries. The event packed up with the announcement of the winners and vote of thanks.

Glimpses of the events are as follows:

LEARNING LIVES LIFETIME

Extracurricular activities provide a channel for reinforcing the lessons learned in the classroom, offering students the opportunity to apply academic skills in a real-world context, and are thus considered part of a well-rounded. Keeping up with this spirit, the executives at Fisheries Society organize fortnightly events for students to enjoy their time at university and ensure them to strike a healthy balance between studying and social life.

The Photoscribe'22

February 11, 2022, "The Photoscribe 2022", was organised by Fisheries Society for the students of College of fisheries for showcasing their skills in capturing the beauty of nature through the eyes of their lenses. It was the first event organised by the society for the session 2022-23.

The participants were given about an hour to capture their perspective of beauty of Pantnagar, given a range from Swami Vivekananda Bhawan to Beni river.

The event was well participated by all the UG students and the captures gathered by them were really worth a look.

The event desisted with the announcement of winners.

Quizmania 2023

February 25, 2023, Fisheries society at GBPUAT, Pantnagar organised a quiz competition, "Quizmania", in the premises of college itself

The objective was to enrich the objectives of fisheries spectrum and the history of college and university and also to engage the interest of students in learning and broadening their knowledge of their discipline, thereby ensuring that it is preserved and the history is continued and encouraged.

There were 22 teams from all the four years of the UG programme of the discipline, that participated in the competition

The quiz was organised in three rounds i.e., the written test round, the questionnaire and the buzzer round. The darting questions and the bustling answers, during the buzzer round had everyone stick to their seats in anticipation.

The event was well executed at last with the announcement of winners and a vote of thanks by the coordinator and co-coordinator of the society

Sketching Competition

March 18, 2023 Fisheries Society organised a sketching competition exclusively for the college students between 2 p.m. to 4 p.m. at the college premises.

The competition was held to mark the glut of damage done to our water bodies, with the theme to be " Marine Pollution".

The UG students of the College heftly participated in the event

The competition was to be participated in pairs and had 24 teams in total. The sketches were really a work of imagination and skill, put together.

The event eventually came to an end with the announcement of results and a vote of thanks by the society members.
