Dear Science pursuers

We are pleased to inform you that the Department of Biochemistry, College of Basic Sciences and Humanities, G.B.P.U.A. & T., Pantnagar and Society of Biological Chemists (India), Pantnagar chapter are jointly organising an Intra-University Brain Storming Session on ‘GENETICALLY MODIFIED ORGANISMS IN INDIAN SCENARIO’ on 16th September, 2017. As Biochemistry is a field of enormous fascination and utility, arising from the need of human welfare, particularly in the area of agriculture and nutrition. It is, therefore, of utmost importance that the present research scenarios and scientific-social dilemmas in Indian context are discussed amongst the followers of sciences.

The organizing committee feels enormous delight in extending a warm and cordial invite to the students of the G.B. Pant University of Agriculture and Technology, Pantnagar for their active participation in the Brain Storming Session.

SCIENTIFIC PROGRAMME

The brain storming session will have following segments for the discussion on the Transgenic Research in Food crops in India:

Introductory segment:

1. Preamble of the topic of discussion by moderator of the brain storming session.
