### Weather Summary/Alert:

In the coming five days, light rain may likely occur on 11 & 12 October and thereafter very light rainfall or weather will remain clear on remaining days. Maximum & minimum temperature may range from 16.0 to 22.0 deg C & .09 to 10.0 deg C respectively. Wind will blow with a speed of 6.0-7.0 km/hr from the NE, ESE & SE direction. As per ERF, rainfall will be below normal and maximum & minimum temperature will be normal in the state from 16 to 22 October. Warning: Thunderstorm accompanied with lightning and intense shower likely to occur at isolated places (up to 25 % area) from 11 & 12 October.

### General Advisory:

Farmers are advised to download the “Meghdoot App” to get past week weather, weather forecast, and agromet advisory and "Damini App" to get lightning information. Meghdoot and Damini Apps can be downloaded from the google play store (Android users) and App Center (IOS users). Farmers should maintain proper drainage system in their fields and store the harvested crop in a safe place. Do not let the rain water collected in the basins of fruit tree.

### SMS Advisory:

In the coming five days, light rain may likely occur on 11 & 12 October and thereafter very light rainfall or weather will remain clear on remaining days.
